NUMBER 33

ANIMAL CONTROL OFFICER
Sawyers was home recovering from a heart attack when a more severe, attack on his health was expected to be off for about two months. When Police Chief Ralph Jensen saw him, all John did was apologize for causing so much trouble. He's one of the terribly people in this world and so dedicated to the animals with which he deals.

OUR DEBBIE DOO, a horse, appeared to run on Albany Day Golden Gate Fields, kind of expressed several of the civic leaders who saw her the day we were taking pictures. When she didn't appear on Albany Day, they were disappointed. They've been watching and she finally appeared last Wednesday. She was as good as she looked, paid \$71.20 and a \$2 ticket.

DENNY CALIS, whose appeal for the return of his Sting Ray appeared in the Times last week, can't hear a word from anyone and is still hoping the bike will be returned. His number is LA 4187.

POLICEWOMAN SIGRID OAKLEY has been on the sick list. She missed the Alberito installation Tuesday night and was still away from the police station today.

POLICE SGT. JIM McLEOD'S son, Bruce, has resigned from the El Cerrito police force to join the Contra Costa sheriff's department. Bruce, a native of Albany, formerly was a Marin County deputy sheriff and served in the Force from 1952-56.

FIRE CAPT. DICK McSHEEHY will be on a rainy vacation. (Continued on Page 5)

Proclamation

It is especially fitting at this time that each of us, as citizens of this great nation, should reaffirm our faith in the rule of law and in the supremacy of government by laws rather than men.

The Congress of the United States, and the President, by official proclamation, have designated May 1 as Law Day USA. The basic aims of Law Day are to foster increased respect for law, for independent courts which uphold the law, and for a deeper awareness of the benefits and responsibilities of citizenship.

Liberty and equality for the individual are what distinguish our system of government from communism, under which millions of people today live in fear and tyranny. No better time could be chosen to call public attention to our great heritage of individual liberty under law.

NOW, THEREFORE, I, LEWIS M. HOWELL, Mayor of the City of Albany, do hereby proclaim Saturday, May 1, 1965, as Law Day USA in the City of Albany, and call upon all citizens, organizations and schools to recognize this special day with suitable programs, ceremonies and educational activities.

Dated at the City of Albany, this 21st day of April, 1965.

San Pablo Ready To Go

Solano Street Lighting May Be Three Years Away

Solano Avenue's modern street lighting may lag three years behind San Pablo Avenue, it was learned last Wednesday night when the Albany Chamber of Commerce directors and street lighting committees met with members of the City Council at City Hall.

Speaking for Solano Avenue Merchants, William I. Garren requested an orderly plan with the advice of experts for parking, lighting, landscaping and beautification of Solano. He said they should be done simultaneously or, as an alternative, planned so they can proceed in an orderly way. Garren added that holes for the lamp standards could be extended 24 inches on each side for decorative planting.

Solano Avenue Merchants want ornamental as well as practical street lights with utilities underground and requested a study of one and two hour parking on all side streets adjacent to Solano.

City Administrative Officer James B. Turner estimated it would be three years before PG&E crews could complete the job of putting service underground, thereby eliminating the unsightly poles and "spaghetti" wiring now marring the looks of the Avenue.

San Pablo's lighting committee, now headed by May Ellis Olson, had H. F. Call as its spokesman at the meeting. He said the group is ready to go, has tentatively selected the type lighting it prefers and is expecting the cost to run about \$5.50 per front foot. He said he believes it is important to take lighting first and work on beautification later.

Garren objected to selecting type of lighting without the advice of Planner Herman Ruth. Councilman Joe Egenberger said the business district (Solano and San Pablo) must be looked upon as a whole so there is continuity.

Councilman Dick Clark said lighting and beautification must

Jensen Disclaims Ad Solicitors For Police Publication

Albany Police Chief Ralph M. Jensen announced that the public solicitation of advertisements for the publication, The California Peace Officer, are "not in accord with professional law enforcement, and are not condoned within my jurisdiction."

Chief Jensen went on to state, "We have received complaints from individuals noting that this publication's advertising solicitors in this area have told prospective clients that our department officially endorses this publication, and that advertisers would benefit from certain privileges and immunities."

Jensen concluded, "We are in accord with the position of the California State Peace Officers' association, and consider it incompatible with professional law enforcement to support or endorse the publication primarily for revenue producing purposes of The California Peace Officer."

Busy Session Monday

City Council Acts on Strikebreaker Ordinance; Will Hear Management

Albany City Council Monday night directed 4-1 that the city attorney draw up an ordinance making it unlawful for management to employ professional strikebreakers from more than 75 miles away from the latter's place of residence.

The motion by Councilman Egenberger was amended by Councilman Richard Clark to invite representatives of management to appear during a work session prior to the public hearing and council vote on the ordinance. The amendment passed unanimously.

Councilman George Hein said he did not believe the matter was in the realm of Council business. He said it has been asked of Councils in 13 cities in the county and "none has passed this ordinance yet."

Councilman Joel Parker, who opposed the move to draw up the ordinance now, said he thought

the motion was premature until management had been heard from. (In a work session prior to the Council session, representatives of the County Central Labor Council appeared.)

Mayor Lewis Howell said most labor problems in recent years have been settled by negotiation.

Egenberger and Clark argued for the ordinance, recalling East Bay strikes where professional strikebreakers were brought in to "work at high wages just to

break the back of the unions and then get out..." They said the definition of a professional strikebreaker is one who in the past five years has been employed twice in strikebreaking operations.

Clark, however, agreed with Parker's statement that the Council should be interested in helping businessmen. "If it were not for businessmen, organized labor would not be able to function," Parker said.

Three Resolutions Of Commendation Win Council Approval

Albany City Council has unanimously approved three resolutions of commendation.

Monday night it passed, with Mayor Lewis Howell abstaining, a resolution commending Hein for his services as mayor, pointing out accomplishments under his administration, his conscientious and effective manner "which has served the best interests of the Council, the citizens and the City of Albany," and his deportment at all city activities, including representing the city in official functions and in presiding at Council meetings, (which has given) "credit and dignity to the office of Mayor."

A second resolution commended Councilman Joseph Egenberger, who recently was named Bay Area Ford Citizen of the Year, receiving the "Town Crier Bell," highest award given under the Ford Motor Company Community Services Award program. "The Council of the City of Albany does join with the Ford Motor Company in recognizing the contribution of Joseph A. Egenberger, Jr., to his community and for his public service participation and further desires to commend him for the high honor bestowed upon him," the resolution read in part. Egenberger abstained from voting.

The third resolution commended Barry Kinnison, Jr., of Albany, chapter chairman of Alameda County March of Dimes, the Albany committee and "all those who contributed time, effort and services to the campaign are hereby commended for their very successful efforts and their contribution toward the achievement of the City of Albany's per capita award, which Monday night was hanging in Council chambers on the "trophy wall."

Winners of AHS Music Awards

Charlotte Grosz and Jim Orlemani, senior members of the Albany High School orchestra and band, have won the 1965 AHS Instrumental Music Award and John Phillip Sousa Award, respectively.

Orchestra and Band Director Ernest Douglas announced the recipients of these two awards at the Orchestra Concert last Thursday evening, April 22. The Instrumental Music Award is

given annually to the most outstanding senior in the orchestra, and the Sousa Award is presented to the most outstanding band member.

An audience of between 400 and 500 attended the Orchestra Concert and heard the announcements. The audience warmly received both the award presentations and the performance itself, ending the concert with hardy, prolonged applause.

Chamber of Commerce Board

William I. Garren

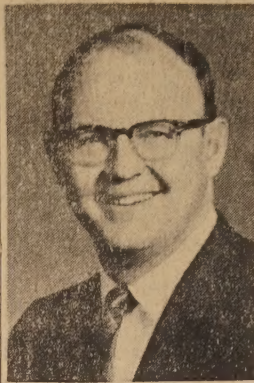

William I. (Bill) Garren, owner-manager of Albany Theatre and recent winner of the Albany Inter-School Club Council's Distinguished Service Award, becomes president of Albany Chamber of Commerce on Saturday, May 1, succeeding H. F. Call.

Formal installation ceremonies will be at the annual dinner Friday, June 4, at Berkeley House.

Garren, who lives with his wife in San Francisco, has worked steadily through the years for a vast number of projects he believed would be good for Albany. Now he is serving on the Council's Goals and Objectives committee and on the committee working to bring modern street lighting to the city.

Much of his biography was printed in the Times last month. Highlights include his proposal, design and work in fund-raising for the Freedom Shrine at Key Route and Solano, an Exchange club project; his activities to beautify Albany and to protect Albany Hill and the tidelands, and his selection by Albany's five PTAs to receive an honorary life membership.

Fort Union, New Mexico, is reported by the National Automobile Club to have been for a number of years the largest United States military fort west of the Mississippi River.

Joe Dagna

Joe Dagna, owner of Dagna's Market at 1382 Solano, is first vice president of Albany Chamber of Commerce as of May 1.

A native of Richmond, Joe lives with his wife, Jean, at 708 Colusa. They are the parents of three children, Joe III, 12; Jerry, 11, and Janine, nine.

Joe has been a member of Albany Rotary club 16 years; American Legion post 292, 18 years, and Bayview aerie, Fraternal Order of Eagles, 18 years. He is past president of Bay Area Food Dealers association and a member of the advisory committee of United Grocers, Ltd.; national association of Retail Grocers of U.S. and its select committee on national affairs, and a member of the Legislative Information Committee of California Grocers' association.

As a dedicated volunteer for Alameda County Heart association, Joe has been Albany chairman for several years. He is also active in the Sierra Club and Solano Avenue Merchants' association.

WORN UNIVERSAL JOINTS

Worn universal joints, according to the National Automobile Club, give out a peculiar knocking noise when the car is coasting or when the rear wheels are driving the engine.

Evelyn Gardens, 12-Unit Apartment, Completed

Completion of the new 12-unit apartment house on the southwest corner of Solano and Evelyn Avenues was announced today by Jerome Blank, Albany realtor and developer.

Blank informed the Times that the building was financed and is owned by a new investment company consisting of five local business and professional men, operating under the name of Evelyn Gardens, Limited, with Blank acting as the Manager and General Partner of the firm.

Following a detailed survey, the new group found that the Albany apartment house market was one of the most stable and desirable to be found in the East Bay, with the lowest vacancy factor. This was proven when four apartments were leased before the building was completed, or offered for lease.

The building has 10 spacious one bedroom apartments ranging from 615 to 720 square feet each, with one two bedroom and one three bedroom, two bath apartment. The most modern electric kitchens are featured, with indirect fluorescent lighting under cabinets in addition to normal overhead lighting. A plush lobby opens into an elevator, and a large garage also has lobby access. The building is completely locked at all times, entry being only by key or by intercommunication system.

The apartment house was designed by Swallow and Hubbard, architects, and was built by Carter and Rago, Albany builders. Color coordination and decorating were handled by Blank personally. Landscaping is by Flowerland Nursery.

Reminiscing, Blank recalled his early Albany days when he lived on Evelyn and walked across this lot to attend Cornell school. Later he recalled buying gasoline (one gallon at a time) for his Model A, from Joe Vercelli's Mohawk station on the site.

SPEAKS TONIGHT—Ed Montgomery, San Francisco Examiner reporter who won a Pulitzer Prize for breaking the income tax scandal, will speak tonight at the meeting of Albany Republican Assembly at 8 p.m. at Cornell school cafeteria. His topic will be "Unpublished News Facets." The public is invited to attend.

Pisco's Now Open at 505 San Pablo

Albino and Susan Pisco have taken over what was formerly Bella Amo at 505 San Pablo. The business will be known as Piscos, featuring 23 different varieties of pizza, beer, wine and special Italian dinners prepared by Al, as he prefers to be known.

This is Pisco's first venture in business. He has been in this country from Italy only nine years. She is a native of Hawaii. They live in Berkeley with their three children, Judith, five; Rodney, three, and Albino, Jr., six months. They hope to buy a home in Albany.

Pisco's features a banquet room with space for 30 and all food on the menu may be ordered "to go."

They will be open seven days a week. Weekday hours are 4:30 to 12:30; Saturdays, 4:30 to 1:30 a.m., and Sundays, 2 to 11 p.m.

Specialty of the house is baked lasagna. A close second is veal scallopini in which the veal is fixed five different ways. Also offered are prawns, broasted chicken and steaks.

The Piscos are delighted with Albany, "a wonderful, friendly small town." They came here from San Francisco.

PIZZA-CUTTING — Al Pisco, who has taken over Bella Amo on San Pablo and renamed it "Pisco's," cuts a pizza to mark his grand opening. Looking on, front left, are Chamber of Commerce board members and business neighbors Bob Olson of Sherman Clay and Attorney Barry Runnion, Jr., with Mayor Lewis M. Howell.

Schools Announce Expanded Summer School Program

Tentative plans are being made for an expanded elementary summer school which would include not only the remedial classes of past summers, but also an enrichment program for upper grade students (4-7). The statements below attempt to describe the program in some detail. However, some of the plans are subject to revision depending upon enrollments and scheduling problems related to choices and class sizes.

The summer school will again be held at Cornell School for the five week period starting Monday, June 28, through Friday, July 30 (24 days—July 5 is a holiday). Hours will be from 8:50 a.m. to 12:10 p.m. Primary remedial classes will be "self contained" while upper grades (4-7) will be departmentalized on a three period (one hour each) schedule.

A limit on enrollment has been set at 400 pupils, all of whom must be Albany residents. Pupils will be accepted on a "first come" basis and waiting lists will be kept of applications beyond the 400 limitation.

More than 350 registrations have already been returned to the school administration office. Those received after the 400 limit has been reached will be placed on a waiting list and such pupils will only be enrolled if some students are dropped.

Application forms were mailed to all parents Tuesday, March 30, along with the regular spring report cards. Completed forms should be promptly mailed, or brought to Albany City Schools, Elementary Summer Session, 904 Talbot Ave., Albany 6 (526-6441) before May 3. Notification of

Bandshow '65 Nets \$367 For Uniforms; More Contributions Are Asked

Albany High School's annual bandshow held on March 19, was a success both musically and monetarily, as over \$367 was donated to the AHS Band uniform fund drive by the audience at the concert of over 800 persons.

The new uniform fund now stands at almost \$2,038, toward the approximately \$4,500 needed to buy the new outfits. The money raised at the bandshow will not end the uniform fund campaign, and contributions are still coming in by mail.

The band will conduct several more fund raising events before the end of school in June, and will then ask the Albany Board of Education to pay the needed difference.

"The many fine people who contributed to our fund drive for new uniforms at the concert and leading up to it should be thanked," director Douglas remarked. "Of course, they were the ones who made the new uniforms possible." Following is a list of the people who contributed to the band uniform fund and identified their contributions. It does not include the many persons who gave large or small amounts of cash without identifying it:

Health Officer Offers Advice

The quiet air and warm weather are combining to cause an increase of mosquitoes in Albany and also generally throughout the Bay Area, according to Harold Van Coops, deputy health officer. Mosquitoes stay close to where they were hatched when the air movement is over five miles per hour, but some varieties fly 10 miles or more through quiet air.

All mosquitoes hatch from eggs in water and the resulting larvae become flying adults in about seven days. Rain gutters, old

cans and bottles can be un-noticed producers of these biting pests. Emptying or oiling the water kills the larvae.

Once the adults are flying they are hard to contact with sprays. However, they tend to seek leafy cover, where they feed on plant juices in-between blood meals. Spraying trees and shrubs with malathion according to directions on the container will reduce these and many other pests. Pest control servicemen can do this work quickly without the danger to the home-owner and his family that always attends handling of concentrated poisons.
